

Supervising Teacher Comment – Professional Experience 1 – 2014

Great job adjusting to the Kindergarten Sports Program. You were aware of what worked well and what didn't and took on feedback and made adjustments for the second group. Most students are engaged, a few behaviour issues which you addressed quickly.

All students were engaged during CMIT (to help it run smoothly, have the games ready, explain each game and the rules – and any modifications, clearly and allocate specific students to get the counters/dice or other resources). This will eliminate any arguments.

You are doing a fantastic job moving around the classroom during L3, writing and maths groups to assist all students. It's good to see you keeping to some of the classroom routines and are experimenting your own 😊

Great computer lesson with explicit instructions.
